Bachelor of Technology,
Information technology
JSS Academy Of Technical Education
Bengaluru, India
2010-2014

Career Summary

6 years of professional experience as an Associate at Canara Bank.

Completed Full-Stack Coding bootcamp in June 2021 and transitioned into IT sector.

Started working as a Front End Developer (React) from October 2021.

Professional Experience

SLK Software | Software Engineer

September 2022 – November 2022   *Bengaluru, India*

- Developed web application using modern TypeScript (ES6+), React JS, HTML5, and CSS3 to deliver intuitive and responsive user interfaces.
- Used Axios to consume and integrate RESTful APIs in React applications, ensuring efficient data retrieval and manipulation.
- Used Git and NPM to manage code and dependencies.
- Written test cases using Jest and React Testing Library, ensuring robust code quality.

Delixus, Inc | Software Engineer

October 2021 – August 2022   *Bengaluru, India*

- Developed application components using React, JavaScript, HTML5 and CSS3, thereby improving customer engagement.
- Optimised application performance by implementing Redux as state management tool.
- Used MySQL to extract, filter, and manipulate data from database.
- Identified and fixed bugs in the project resulting in reduced number of reported bugs by 8% every month.
- Actively participated in daily Scrum calls, providing updates on progress, discussing any blockers, and coordinating tasks with the development team.

Canara Bank | Associate

May 2015 – October 2021   *Bengaluru, India*

- Worked on Cash management & investment products in over 10 branches and 2 cities.
- Advised customers regarding mortgage, bank products, schemes, KYC and loan applications.
- Proven ability to handle multiple tasks simultaneously, prioritise work effectively, and meet deadlines to ensure efficient workflow management.
